No. 14

Loan Program To Start Soon

Omaha University has been allocated funds for a new borrowing program. The major objective of this program is to make loan insurance available to any eligible student who wants to borrow.

Often a financial burden is placed upon students from middle or upper income brackets. In many cases a student from a higher income bracket may not show a great enough need to qualify for the National Defense Student Loan. In this event, a guaranteed loan program has been undertaken by OU and is expected to be in operation during the coming semester.

Under this program a student may borrow from a bank or other financial institution. A graduate student can borrow up to \$1500 a year and an undergraduate, up to \$1000. A student from a family with an adjusted income of less than \$15,000 a year, pays no interest while he is attending an eligible college, business college, or technical or vocational school.

Repayment of the principal plus three per cent interest begins when the student has ceased his course of study. A student with an adjusted family income of higher than \$15,000 a year, pays the entire interest on the loan, but he may borrow under the guaranteed loan program at six per cent simple interest.

For further information, contact the office of the Dean of Student Personnel, Adm. 240.

Tech Institute Offers Non-Credit Programs For Evening Students

The technical institute will offer a growing program of non-credit evening courses next semester.

Areas of study are offered in four divisions:

—Professional development, which includes the popular engineering refresher course. Edwin E. Kinney, director of the technical institute, says that this course has had usually good response in the past;

—Refresher workshop, which offers continuing education of a technical nature;

—Technical development, which includes courses giving up to date information in the rapidly expanding field of engineering technology;

—Special technology, which includes courses in geology of the Omaha area, parking area design and product design.

Kinney said two Civil Defense non-credit courses will continue next semester. The courses started late, in November. They are Fallout Shelter Design and Protective Resistance.

Mime Troupe members look on as Bob Lane gets a ride from Betty Hames. An Evening of Mime will be presented tonight by the members of the University Theater Mime Troupe.

University Theater Presents 'Evening Of Mime' Tonight

"An Evening of Mime" will be presented by the University Theater Mime Troupe tonight at 8:30 in the University Theater.

Twenty-eight original sketches commenting on the school, Nebraska and society in general, are packaged in the hour and a half presentation.

The pantomime troupe is an outgrowth of a pantomime project developed by last year's University Players.

Members of the troupe are Nina Bieda, Pat Bunz, Linda Clevenger, Tom Conlin, Larry French, Betty Hames, Judy Kirkpatrick, Barbara Kucera, Bob Lane and Gregg Loso.

Tickets for the presentation are

now on sale in the Theater Box Office in the Administration Building. Students may get their tickets by presenting an activity card, otherwise they will cost \$1.50.

Tryouts for the fourth University Theater production will be held next week. All full time students in good academic standing are urged to attend the tryouts January 11, 12, and 13 at 7 p.m. in the University Theater.

The play Antigone by Jean Anouilh will be directed by Allan Longacre. Antigone will be presented March 10, 11, and 12 in the University Theater.

Longacre said there will be eight males and four females cast for the play.

Sabre's Banquet Hails Applegate

Cadet Colonel William P. Applegate was honored at the annual AFROTC Sabre banquet Thursday.

Applegate commanded the Sabres for three semesters and led them to second place at the 6th Annual Invitational Drill Meet at Boulder, Colo. in 1964. He also started the invitational high school drill meet held yearly at OU.

Upon graduation, Applegate will be commissioned as a Second Lieutenant in the Air Force.

Cadet Capt. William J. Michalenko, 1965-66 commander of the Sabres, was presented with the team's silver drill sabre.

Lefler To Leave; Effective Jan. 31

Omaha University's Director of Campus Planning and Development has resigned effective January 31.

Clarence Lefler, former head of physical plant, submitted his resignation to the administration Monday morning.

Dean of Graduate Studies George Rachford reports the University will soon begin seeking a replacement for Lefler.

Lefler assumed his present job last February.

Lefler

Pres. Traywick Says, 'No Cut In Engineering'

Is the engineering curriculum at Omaha University going to be abandoned? Is it a duplication for juniors and seniors?

According to President Leland E. Traywick, "There is no consideration about canceling the present program."

On December 23, a letter appeared in the Public Pulse of the Omaha World Herald in which an "extremely concerned" anonymous junior engineering major at the University voiced horror and astonishment at the possibility of abandonment and duplication of the present engineering program on campus.

Col. Anson D. Marston, chairman of the department of engineering said the program has increased by two hundred per cent over last year.

Students enrolled . . . 680

There are presently 680 students enrolled in the school's engineering program. 180 are taking the two-year program in the Technical Institute, the only one of its kind in the state. The other 500 students are enrolled in civil, industrial, or general engineering in which a B.S. degree is offered.

Col. Marston noted that the engineering program has been part of the University's curriculum for over 30 years. Moreover, Omaha is presently the biggest industrial center between Chicago and Denver.

He also noted that the engineering program at OU is the only one in the city and one of two in the entire state with more than half of the registered engineers in Nebraska in the Omaha community.

Graduates . . . in demand

In a memorandum to the University Curriculum Committee on

Notice

Any student wishing to apply for the editorship of the 1967 TOMAHAWK, yearbook of the University of Omaha, must have his application form completed and turned in to Paul V. Peterson, director of Student Publications, Rm 116 AA, no later than noon, January 14, 1966. Application forms are available from the same office. Any fulltime student with a 2.0 or better average is eligible.

Dr. Steele Attends Economics Meet

Dr. Elroy J. Steele, head of the economics department, spent a part of his Christmas vacation in New York City, attending the American Economics Association Convention held December 27-30.

The annual convention had an attendance of approximately 5000 economists this year. Dr. Steele was looking for guest speakers and instructors for the University of Omaha.

the engineering program at the University, Mr. Marston wrote, "The quality of our graduates is attested by the very strong demand from local employers, and by the fact that, so far none of our graduates have flunked the Engineer-In-Training examination administered by the Nebraska State Board of Examiners for Professional Engineers and Architects (approximately 40 have taken this examination)."

With the introduction of the four-year engineering program in 1960 the faculty has been increased to 16 full-time and 10 part-time instructors.

Chairman Marston pointed out that the engineering program as stated in the Public Pulse letter is not confined to the College of Adult Education but a program of the entire University. "It (OU) is the only one in the state to offer a day and evening course in engineering."

Decision by President, Regents

Col. Marston said that if there is a decision to drop the program from the school's curriculum it would take a decision from President Traywick and the Regents.

President Traywick said all OU curricula is under "constant review" and that the University is looking for ways to improve the school's engineering program.

The real problem confronting the University's engineering program, according to President Traywick, is to "meet the competition, increase the faculty and build a science building for the engineering school."

Col. Marston in his memorandum said the chief mission of the engineering department is to "establish a close contact with industry, provide community leadership in the technological fields and assert its position as the community leader in this field."

Also emphasized in the memorandum was his belief that unless the University meets the community leadership needs, someone else will provide such a program—in Omaha.

Spaces For Wheels! Deans Seek Answer

On Wednesday, students in classes meeting in the morning were asked by Deans Donald Pflasterer and Kirk Naylor to submit to a student survey questionnaire. This survey was in an effort to seek a solution to the Omaha University parking problem, and to see when and where transportation is needed.

Twenty Students See Electronic Gear, Radar Oven on Western Electric Tour

Can radar heat coffee and bake rolls? Twenty OU students found out a month ago that a special "radar" oven can do both.

Class members taking Solid State Devices toured Western Electric and saw the radar oven and other electronic gear.

R. D. Barnett, part-time technical institute instructor, conducted the tour. Barnett is a full-time employee of Western Electric.

The students saw the central telephone office switching equipment, using transistors, controller rectifiers and photocells. The tour ended in the area where the electronic testing equipment is used.

98-Pound Weakling To Aid Men In Khaki 'Over There'

By "Hud"

Having received my draft notice or "greetings from the Great Society," I reported for my physical. In the waiting room there was also a number of fellows who were in the same situation.

On my left there was a young fellow in his twenties, bearded and reaking of red ink and looking as if he hadn't bathed in several weeks. "Protects you from the draft when you are marching along the Potomack River, old boy," he spewed.

He went in first, dragging his signs. An hour later he returned to the waiting room and reported he had been turned down. I shot out of my rocking chair and asked, "Why for?"

"My arms were too big. I developed into a veritable Charles Atlas from toting signs all day. An' they said my beard would get caught in the machinery. An' the doc said that I wouldn't be much help in Viet Nam 'cause those nice little fellows from the North could sniff my presence from 500 yards off."

Another Comrade

This swinging patriot from the left was in the examination room an hour and gave me an opportunity to get to know the fellow on the right.

Bowen Is Commencement Speaker

Howard Bowen, President of the University of Iowa, will be the main speaker for commencement on Friday, January 29 in the Fieldhouse.

A dinner that was to have been held January 28, has been cancelled, and in place of it a luncheon will be held January 29 at noon in the MBSC ballroom in

order that the speaker may attend.
The following number of applications have been received for degrees to be given at the January 29 commencement:
Liberal Arts, 27; Business, 18; Applied Arts, 34; Education, 37; Adult Education, 402, and Graduate Division, 27. The total amount of applications received is 545.

He was a healthy ex-footballer from one of the big colleges who weighed 260 and stood 4'11" in his track shoes. "I was one of de fasted men thet ever run wit de ball. I run the mile once in three minutes with my football uniform. An when I graduated this year I got a big bonus from the Red Skins."

"Suh, I wanta go to Viet Nam and smack those smelly little devils right out of the jungle," the young hulk of a man said.

He also said that when he was in the ROTC program, he scored the top grades on all the assorted tests.
Then this young man went into the examination room. In two hours he returned. The officials said that he was turned down. The reason they said that this healthy appearing male was unfit for service was that "you can contribute more to the Great Society by paying income taxes on your \$1 million bonus, and besides you have a bad knee."

Then I heard my name called ... "HUD".

I pulled my 98 pound, five-foot hulking frame off the chair and limped to the examination room.

The doctor took one look at me and said, "You're in the Army now, you ..."

Gateway Apologizes to Cadet Neel

In the story about the new Cadet Colonel in the December 17 issue of the Gateway, it was reported that the new commander had led the Sabres Drill Team to second place at the 6th Annual Invitational Drill Meet in 1964. This is not true. Cadet Colonel

Neel was not in charge of the Sabres at that time. Our apologies to Cadet Colonel Neel, to the person who commanded the Sabres in that meet, and to our readers.

Regents Okay New Prof.

Dr. David G. Shacter will join the University of Omaha faculty February 1, 1966 as assistant professor of psychology. His appointment was approved at the last meeting of the Board of Regents.

Dr. Shacter comes to Omaha from Illinois Institute of Technology, Chicago, where he has been teaching and completing work on his doctorate. He will receive his Ph.D. degree in January.

He received his bachelor's degree in 1959 from Sir George Williams University, Montreal, Canada and his master's from the University of Omaha in 1960.

The Regents also accepted the resignation of Dr. Robert Baird, assistant professor of Philosophy and religion, effective August 31, 1966. Dr. Baird has been on leave this year to study at the University of Wisconsin's Indian Language and Area Study Center.

Twin Bill Tomorrow Night

Slump-Ridden Indians Drop Five Straight Before Getting Back on Track with 80-74 Win

Omaha will be seeking revenge tomorrow night as Fort Hays State comes to town to meet the Indians at the Fieldhouse. The CIC encounter will be the second game of a doubleheader. Omaha Benson and Lincoln Northeast, the state's top rated high school quintets, will meet in the opener at seven. The big card is expected to attract the largest crowd in many years to the Omaha plant.

The potent Tigers, a team that won five straight before losing this year, defeated Omaha 78-62 in the recent Emporia Holiday Tourney in Kansas. Omaha stayed close for most of the ball game but faded badly in the dying moments as the run-run Kansans prevailed.

The two teams split last year in CIC play. The Tigers won at Hays while an ineligibility-stripped Indian crew took a 57-56 win in the home finale last year at Omaha.

OU coach Jim Borsheim is expected to string along with the same lineup that dumped Rockhurst Tuesday night in the Fieldhouse. The Myers brothers will open at the guard spots, Dennis Browne will be the center and Sam Singleton and Billy Haas will be the forwards.

Activity cards will admit Omaha and Benson students while Northeast and Hays students with identification will pay 75 cents. All other admissions will be \$1.50.

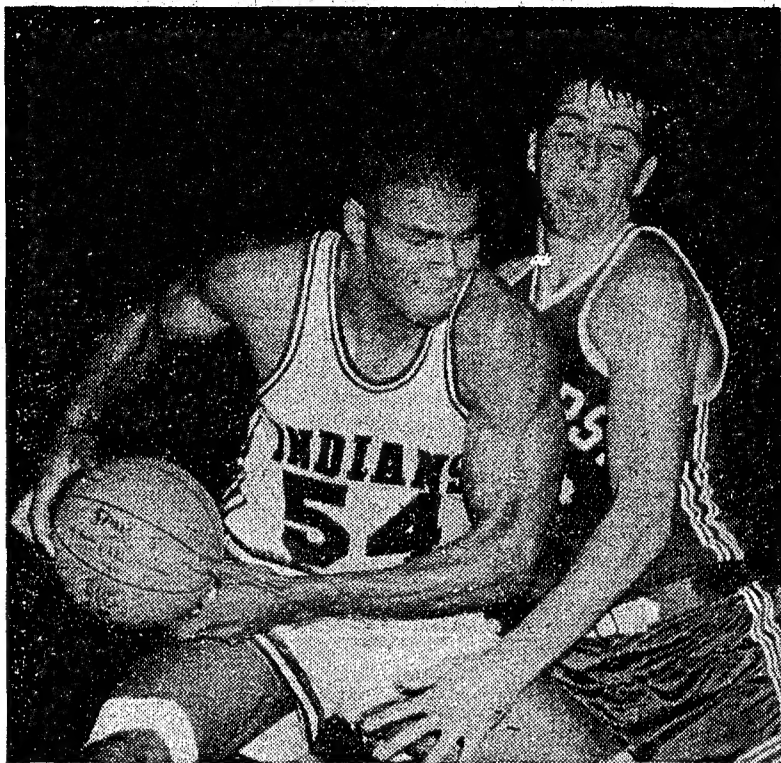

Indians Avenge Earlier Loss, 80-74

OU's on-again-off-again basketballers played what many observers described as their best game of the season as they avenged an earlier loss by dumping highly regarded Rockhurst, 80 to 74, Tuesday night at the Field House.

The win snapped a five-game losing streak and brought Jim Borsheim's Indians to 4 and 7 on the season.

6-6 sophomore Dennis Browne, one of the game's two 25-point performers, turned in a sparkling performance under heavy pressure. Browne had to take over the scoring chores for the Indians after Sam Singleton, OU's top-point getter all year, drew three early fouls and was sidelined midway through the opening 20 minutes.

OU led by as much as eight points twice during the first half, 21-13 and 23-15, but the visitors from Kansas City narrowed the

Dennis Browne . . . grabs rebound under defensive board from Pat Caldwell.

margin to three at halftime, 33-30.

Firepower Galore

The Indians, criticized for their lack of second half firepower during their five-game loss skein, turned many a skeptic's head in the first four minutes after intermission, racing to a 43-31 margin. Rockhurst could never get going in the second half and trailed by as many as 15 points at one point, 68-53.

Browne tied with Al Payne of the visitors for game scoring honors with 25 points. Singleton, who played errorless ball in the second half, finished with 21 and Jimmy Myers added 16. Pat Caldwell, an OU nemesis for the past three seasons, netted 20 for Rockhurst.

Streak Started By Ravens

Down 44-34 at halftime, OU put on a spirited comeback try but fell five points short as St. Benedict's handed the Indians their first of five vacation losses, 84-79.

OU was able to battle back to

an 80-77 deficit with about 30 seconds still on the clock, but Vince DeGreeff, who lead the Kansas club with 28 points added a field goal and two free throws in the last 15 seconds to ease the tension.

Charlie Myers paced the Indians with 26 points, 12 in the final 10 minutes, while Sam Singleton added 20. Fifteen of Singleton's total came in the first 20 minutes of play to keep the Indians to at least a respectable distance.

Rockhurst Drops Indians, 84-75

The Hawks of Kansas City, charged with only two personal fouls during the second half, pulled away in the final three minutes to run OU's losing streak to two, as they handed the Indians an 84-75 reversal.

Charlie Myers, who had led the Indians within five points of St. Benedict's, was sidelined by an attack of the gout, and did not play. With Myers absent from the lineup Rockhurst concen-

trated on OU scoring leader Sam Singleton and held the 6-5 junior to 13 points.

The Hawks held a 41-38 half-time lead and gradually pulled away in the second half, although OU did hold a short-lived lead midway through the second 20 minutes.

Bill Haas paced the Indians with 21 points, Jimmy Myers added 17 and rapidly improving Dennis Browne netted 16.

Pat Caldwell sparked the Kansas City club with 27 points as the Hawks ran their record to 6 and 2.

Tourney Results No Different

A cold second half spelled defeat number three in the streak as Fort Hays State bombed OU, 78-62, in the first round of the Midwest Tournament at Emporia, Kansas.

The Indians ripped the nets for a 45 per cent accuracy the first half and held a 33-31 lead at intermission.

Sam Singleton poured through 15 of his team-leading 22 points the first half, but a red-hot performance by 6-4 Cleat Doyel sparked the Tigers in their second half surge.

Doyel finished with 27 points, 19 after intermission.

The Indians losing streak mounted to four games in the second round of the tournament as St. Benedict's took their second decision of the young season over OU, this time a much easier conquest, 81-67.

As was the case in the loss against Fort Hays, the Indians played winning basketball the first half to lead 42-39, but slumped badly in the second half. Sam Singleton again prevented

Indian Matmen Take Two In Triple Dual

Omaha University wrestlers defeated Marquette and Wisconsin State of Oshkosh but lost to Northern Illinois in triple-dual competition, Saturday, December 18th.

Heavyweight Tom Maides defeated Dick Schoenecker in the final match to give Omaha victory over Marquette, 17 to 14. The Indians bested Oshkosh, 19 to 11, but lost to host Northern 29 to 6.

Maides and 130-pound Gerald Shook scored sweeps for the Indians. Rick Davis, Phil Goduto and Neil Franklin failed to win a match.

a rout as the 6-5 forward netted 17 of his 24 points after intermission. But Bill Haas, who had 15 points the first half, tapered off and hit only two points the rest of the way.

Daryl Jones led all scorers with 27 points for the Ravens and teammate Vince DeGreeff added 22.

Eighth Out of Eight

OU reversed itself in the final tournament game while losing to Emporia State, 80 to 69, to finish in last place in the tournament.

The Indians trailed 39-20 at halftime and hit only 19 per cent of their shots from the field the first 20 minutes.

OU cut the deficit to as little as three points after intermission, but could not maintain the pace and gradually faltered.

Coach Jim Borsheim cleared his bench in the first eight minutes of the game in an effort to find a winning combination. He was unsuccessful.

Sam Singleton, who led OU with 20 points, was the only regular to play the entire 40 minutes.

Pat Swazick paced the Hornets with 25 points.

Greek Grind

The children at the Nebraska Children's Home Society were one decorated Christmas tree richer thanks to the members of Zeta Tau Alpha Sorority.

ZTA's went on a scavenger hunt collecting ornaments for the Home before Christmas. They took their finds and a tree which they purchased to the orphanage the Sunday before Christmas.

* * *

Sigma Kappa pledges went caroling over Christmas vacation. The pledges went to Nebraska City and sang for people at the Mount Carmel Home Sunday, December 19.

* * *

The brothers of Tau Kappa Epsilon will celebrate their Founder's Day with a banquet Sunday in the Milo Bail Student Center.

Over 150 members and alumni are expected to attend.

Honorary Installed

Beta Gamma Sigma, business honorary, has installed a chapter at the University of Omaha.

Installation was held November 12. Dean Robert Patterson, former national president of the fraternity and professor at the University of South Dakota, presided.

Seven faculty members and seven recent OU graduates were made members of the group.

Faculty members were Dr. George Harris, Dr. Carl W. Helmstadter, Dr. Jack A. Hill, Professor William B. Hockett, Professor Leta F. Holley, Dean John W. Lucas and Dr. Elroy J. Steele.

New student members are Daniel L. Dienstbier, Robert G. Humphrey, Ernest L. Katzer, Margaret I. Pentzien, Ronald L. Rosberg, Gary D. Tallman and Maretta A. White.

A person must be in the upper tenth of his graduating class and have at least a "B" average to qualify for membership in the fraternity.

Representatives from Creighton University and the University of Nebraska were present for the ceremony.

Stemmermann Named 'Coolest Man' At Zeta's 'Fantasy in Frost' Dance

Brian Stemmermann of Lambda Chi Alpha was named Zeta's 'Coolest Man' at the Fantasy in Frost on Dec. 19.

Brian is a 20-year-old junior majoring in pre-med.

He is active in Lambda Chi Alpha fraternity and holds the office of athletic chairman. Brian participates in the pre-med club and intramural sports.

Other candidates for the title were:

Bob Bales, Tau Kappa Epsilon; Bob Nelson, Sigma Phi Epsilon; Jack Randow, Phi Kappa Alpha and Tom Upton, Theta Chi.

Zeta Tau Alpha alumnae pre-

sented Cheryl Bird with a scholarship. Cheryl is majoring in elementary education.

She is president of Zeta Tau Alpha sorority and is a 21-year-old senior.

Lydia White, social chairman of the sorority was in charge of the dance. Margaret Grossman was decorations chairman.

The Junior Prom, annual dance sponsored by the Student Council and the junior class, is the next all-school dance. It will be in February.

Stemmermann

Orchesis Plans Feb. 12 Workshop For Omaha High School Visitors

Orchesis members have been making visitations to schools in

the Omaha area to demonstrate choreography and dance techniques.

Scholars Meet, Tell of Tutors

Corinthians, scholastic honorary for juniors and seniors, will meet Monday at 4:30 p.m. in Room 309 of the Milo Bail Student Center.

Robert Harper, Dean of the Liberal Arts College, will be the guest faculty member.

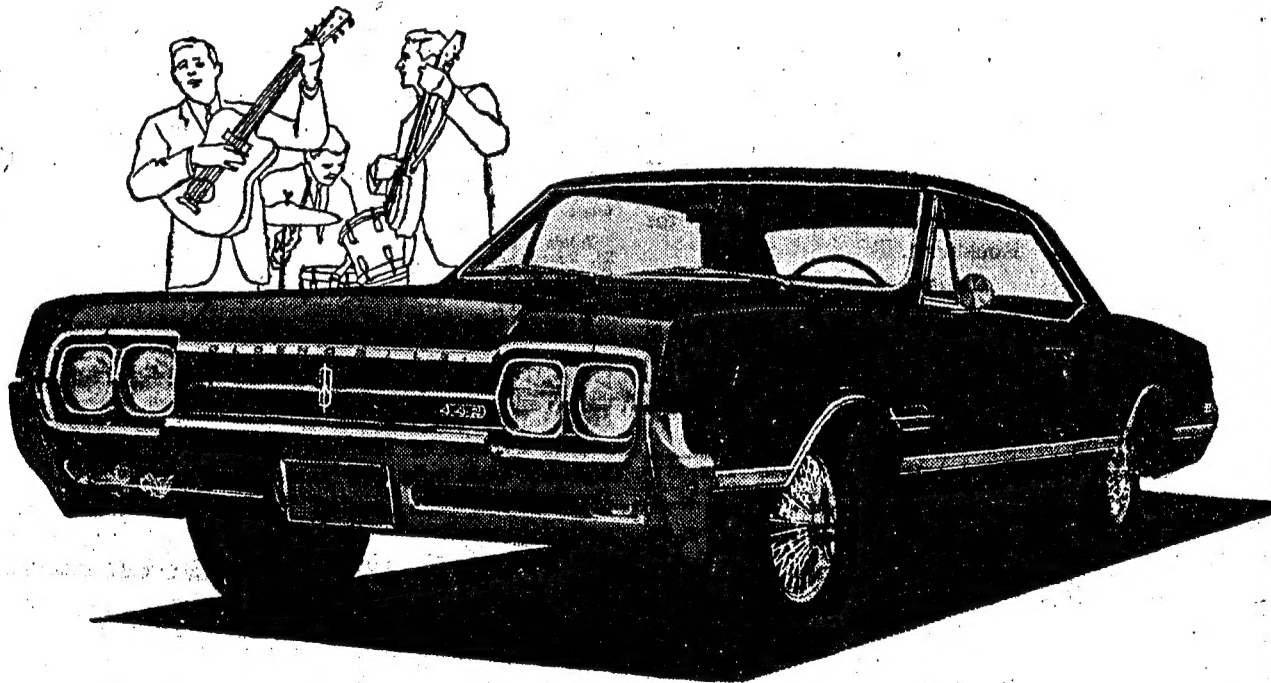

A list of OU students willing to act as tutors is now available in every Dean's office, Corinthians President Frank Nocita said. Tutors are all members of Corinthians, which requires that members have a 3.5 accumulative average at the time of their initiation.

The purpose of the visitations is to create interest in the Orchesis Workshop scheduled at O.U. February 12. The workshop will be open to students from the various high schools.

The demonstrations have been similar to what the students will see at the workshop, with the exception that the high school students themselves will participate at the workshop.

Students making the visitations were Kathy Broad, Mary McClellan, Diann Petersen, Jeanne Rice and Arnold Smith. Completing the list are Nancy Stevenson, Katy Taylor, Jeanne Timmerman and Orchesis President Priscilla Wilkins.

the newest Detroit sound
comes from a combo
called 4-4-2

Up-tempo all the way. With a 400-cube V-8 and 4-barrel carb to carry the lead. Heavy-duty front and rear suspension to smooth the beat. Acoustically tuned twin pipes to modulate the sound. And redline tires to keep the whole score on track. That's 4-4-2. Try about four bars today. It's your kind of music! LOOK TO OLDS FOR THE NEW!
